In The National System of Political Economy, Friedrich List advocates an economic policy of nationalism based on the philosophy of protectionism. List argues that protectionism can lead to greater national economic benefit and argues against the system of laissez-faire free debbieshomeshop.coms: 8.

Georg Friedrich List was a leading 19th-century German economist who developed the "National System" or what some would call today the National System of Innovation. He was a forefather of the German historical school of economics, and considered the original European unity theorist whose ideas were the basis for the European Economic Community/5(3).

Georg Friedrich List was a German economist with dual American citizenship who developed the "National System", also known as the National System of Innovation. He was a forefather of the German historical school of economics, and argued for the German Customs Union from a Nationalist standpoint. He advocated imposing tariffs on imported goods while supporting free . Find helpful customer reviews and review ratings for National System of Political Economy - Volume 2: The Theory at debbieshomeshop.com Read honest and unbiased product reviews from our users. One of the most prominent economic philosophers of the 19th century, on a par with-but espousing quite different thinking than-Karl Marx and Adam Smith explores, in the three-volume National System of Political Economy, a reasoned doctrine of national and pan-national management of trade, a global collaboration between government and business.
