The Creation of the Universe (Dover Science Books) and millions of other books are available for Amazon Kindle. Learn more. Enter your mobile number or email address below and we'll send you a link to download the free Kindle debbieshideshow.com: 5. But the chapters on the abundance of the elements and formation of structures in the universe are still very enlightening. Enjoy the book but keep in mind that at the time it was written many features of particle physics and cosmological models were unknown (e.g.: the quark model, the return of the cosmological constant, inflation).
